MEMORANDUM FOR: Legislative Counsel

VIA: Chief, FE  
Deputy Director (Plans)

SUBJECT: Senate Foreign Relations Committee Investigation/  
U.S. Non-Official Representatives of Foreign  
Governments

1. This memorandum contains a recommendation for C/FE's concurrence and DD/P's approval in paragraph 4.

2. Mr. [REDACTED]

25X1

[REDACTED] has forwarded to us a letter and questionnaire received from Senator Fulbright requiring a reply by 1 March 1963 (Attachment A). The activity in question is the [REDACTED] public relations contract (terminated May 1962) with the [REDACTED]. CIA assisted the [REDACTED] in securing the services of [REDACTED] in 1961 and remained in contact with firm representatives while the contract was in effect (Attachment B).

3. At a discussion on 13 February 1963 with the Legislative Counsel it was agreed that [REDACTED] could not answer the questionnaire truthfully without involving CIA. Nor could we expect the firm to submit a false reply to the Senate Committee. The indicated alternative is to brief Mr. Carl Marcy, Chief of the Senate Foreign Relations Committee Staff, on CIA's relation to the [REDACTED] account.

4. Pursuant to Mr. Warner's request, Attachment B outlines the origin and purpose of CIA involvement in the [redacted] contract. I recommend that Mr. Warner draw on the material contained in Attachment B to brief Mr. Marcy orally, and solicit his guidance with respect to the questionnaire.

5. There may be other such operations surfaced in the course of the Senate investigation in this field. The Legislative Counsel advises, however, that CIA should approach Mr. Marcy only as a specific need arises.
